Boston Sculptors Exhibits Sculptors' Sketches

(Boston, MA): All art begins somewhere: with a sketch. From **December 17, 2014 – January 11, 2015,** the Boston Sculptors Gallery is presenting **Sketchy Sculptors**, a sale of sketches in all forms that explore the preliminary sculpture process from drawings to refined small sculptures.

All 36 members of the gallery will be represented in a diverse and compelling collection. With the majority of the works priced under $300, this is an opportunity to own art created by some of Boston□s premier sculptors. Included in the show are many local artists with national reputations. Find a gift for the art lover in your life or begin your own sculpture collection. Unlike a traditional gallery exhibition, artworks purchased from Sketchy Sculptors may be taken home immediately.

Boston Sculptors Gallery was founded in 1992 by 18 prominent Boston-area artists to present and promote innovative, challenging sculpture and installations. It is the only sculptors' organization in the USA that maintains its own exhibition space and membership has grown to 36 sculptors working in a wide range of styles and media.
