Jaeok Lee's exhibition, *Family of All Things*, features fired clay figurative sculptures. Paired and singular figures interact with each other as Lee explores and celebrates relationships with herself, her family, nature, and the Creator of all things. The sculptures' surfaces are evocative of stone and incorporate fiber elements with the final addition of colorful glazes. Lee taps into her native Korea's cultural past and revitalizes traditions with her unique perspective and values. In a happy coincidence, in Korea May is the month of family celebrations.

Jaeok Lee was born in Seoul, Korea and lived in the U.S. for almost 50 years. She maintains studios in Sudbury, MA and Wailuku, HI. Lee holds a Bachelor of Arts degree from University of Massachusetts focused on visual arts. Her art training continued at Massachusetts College of Art, School of the Museum of Fine Arts, and the Harvard Clay Studio. Lee's works have been exhibited widely in the Boston area and in Hawaii. Her work is held in the corporate collection of Delta Airlines, as well as private collections in Belgium, Germany, and throughout the U.S. She is the recipient of the MetroWest Artist Award from Danforth Museum and the Francis Roddy Competition administered by Concord Visual Art Center.
