(Boston, MA) *Journey*, Kalimah Muhammad's solo exhibition of recent sculptures and paintings will be on view August 30 through October 1, 2017. Defined as both "an act of traveling from one place to another" and as "a long and difficult process of personal change and development," *Journey* invites the viewer to observe and reflect on the idea of self-transformation.

In her new series of wood and concrete works, Muhammad explores what—or who—we are willing to give up in order to gain, and examines the external changes and behaviors manifest by our internal alterations. Muhammad charts the endeavor utilizing imagery of the human figure, juxtaposed with road signs, as well as the architectural form of the underpass.

Please join us for the following events in conjunction with the exhibition: At 4PM on Sunday, September 10, the Boston Sculptors Gallery presents its Second Sunday Concert Series. An artist reception will be held on Friday, September 8 from 5-8 pm, and a First Friday reception on September 1 from 5-8pm. All events are free and open to the public.

Journey runs concurrently with *Spirit Level* by Murray Dewart.
